## **Accessibility Plan 2021-2024**

Review Autumn 2024 or as guidelines / procedures change

## Accessibility Commitment

### Introduction

At Thomas A' Becket Infant School we recognise that children and adults with disabilities are potentially vulnerable group or are "at risk". Children can be disadvantaged if policies, processes and practices do not take account of, and seek to remove barriers which could deny them the educational opportunities available to others.

- We have a commitment to Inclusion wherever possible, in order to increase the participation of children with Special Educational Needs Disability (SEND) and/or disabilities in the National Curriculum, and in all areas of school life.
- The EQUALITY ACT 2010 defines a disabled person as "If a person has a physical or mental impairment, and the impairment has a substantial and long-term adverse effect on the person's ability to carry out normal day-to-day activities".
- Most children with SEN will not be disabled within the meaning outlined above, however a significant proportion of those who are disabled may have special educational needs.

New code of practice and WSCC Accessibility Strategy **Appendix 1**

When a disabled child joins our school we will assess their individual needs in conjunction with parents, other identified agencies and the Local Education Authority (LEA). It is incumbent on us as a school to use our best endeavours to meet these identified needs.

Our Duty of Care:

- It is our duty not to treat any disabled person less favourably.
- We have a duty to make reasonable adjustments to ensure that disabled staff, children and parents/carers are not put at a disadvantage.

Our Commitment:

- To improve accessibility for all children and adults with disabilities we will:
- Use our best endeavours to ensure that pupils with disabilities are able to participate in the National Curriculum.
- Where possible improve the physical environment to enhance the access of children and adults with disabilities.
- Improve communication and be adaptable when communicating with families and the wider community.
- Review accessibility around the school on an annual basis with staff and parents.
- Make improvements where possible and reasonable to address any highlighted concerns.

Date agreed: 1 February 2022

Date of next review: Autumn Term 2025 or if guidelines procedures change

1. This Accessibility Plan has been drawn up in consultation with the Local Authority, pupils, parents, staff and governors of the school and covers the period from Autumn Term 2018 – Autumn Term 2021.
2. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
3. Thomas A Becket Infant School plans, over time, to further increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:
  - Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
  - Increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the Disability Discrimination Act (DDA)). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.
  - Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
5. Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every three years.
6. We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
7. The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:
  - Curriculum
  - Equal Opportunities and Diversity
  - Health & Safety (including off-site safety)
  - Inclusion and SEN
  - Behaviour Management
  - School Improvement Plan
  - Asset Management Plan
8. The Action Plan for physical accessibility will take into account any recommendations made by outside agencies and the local authority
9. The School Prospectus makes reference to this Accessibility Plan.
10. The School's complaints procedure covers the Accessibility Plan.

11. Information about our Accessibility Plan is available on the school website.
12. The Plan will be monitored by Ofsted as part of their inspection cycle.

## Appendix 1

### **WSCC Accessibility Strategy Generic Brief**

#### 1. Signage and Wayfinding

Develop a co-ordinated system of signage and way finding that enables all pupils, staff and visitors to find their way conveniently around the buildings and grounds.

#### 2. Hearing System:

*Primary Schools:*

- hearing loop in the reception area
- soundfield system and hearing loop in the hall

#### 3. Therapy/withdrawal room

A 22m<sup>2</sup> space with a screened area suitable for physiotherapy and to include:

- Wash hand basin and base unit (lockable)
- Supply of drinking water
- Track for curtain screening to provide privacy for physiotherapy area
- Acoustically insulated walls
- Mobile, adjustable height physiotherapy bench, wide enough to allow for pupils to be turned over if necessary. (**Please note** – this will be provided as part of the brief only if there is a pupil need at the school. Otherwise, it will be provided as and when a pupil need arises)
- Ceiling track to allow hoist sling is not provided as part of this brief unless there is a specific pupil need
- Up lighting or diffused lighting
- Cabling, data point and double power point to allow school flexibility of computer station. Further provision in this respect (computer hardware, printer, computer desk etc) is for individual school to decide and fund.

#### 4. Accessible car parking

The following are minimum requirements. The school size and site are to be taken into consideration and accessible parking increased if deemed appropriate/necessary.

- Secondary schools: create 2 accessible parking bays
- Primary schools: create 1 accessible parking bay
- Appropriate access route from the accessible parking to the school entrance

#### 5. Accessible toilet/shower

At those schools where wheelchair access cannot reasonably be achieved, create one ambulant accessible toilet, peninsular, to include:

- Fixed, folding and adjustable height changing bench with detachable shower head facility over and curtain tracking around.
- Ceiling track to allow hoist transfer to and from toilet and changing bench/shower
- Belfast/London sink with double drainer and lockable cupboard under
- Handrails to assist independent toilet use
- Wash hand basin
- Coat pegs at appropriate height
- Hand dryer/paper towel dispenser at appropriate height
- Mirror at appropriate height
- Up lighting or diffused lighting
