

Choice Board

These are learning opportunities that your child can complete at home over the next term. When you choose to complete them is your choice. We expect the children to invest time in the activities and to maintain high standards in presentation and spelling. When they have completed an activity, it can be brought into school so we can celebrate their effort. The only challenge that **must be completed** is the Science activity. If you need further activities for your child you will find these on the 'Parent Planner'.

Spelling

How many past tense verbs can you think of and record?

Can you record them in a sentence?

The bunny hopped through the field to get a carrot.

Maths

Can you find $\frac{1}{2}$, $\frac{1}{4}$, $\frac{3}{4}$ of the numbers below?

8, 16, 12, 20, 24, 40, 100

Can you find $\frac{1}{3}$ of the numbers below?

9, 30, 15, 12, 21

Reading/English

Read your favourite short story from home.

Can you re-tell your favourite story in your own words?

Could you add a front cover for your story?

Science

Children will be planting a bean in school and taking it home to grow. Can you fill in your bean diary to record how it grows? You could draw a picture and label it and write some sentences to explain what has happened.

PE

How many of each of these can you do in 1 minute?

Star jumps

Skips

Hops

Sprints back and forwards

Throw and catch a ball

SPaG

How many homophones can you think of?

A homophone is two words that sound the same but have different meanings.

Example: night and knight

Can you

$$34 + 5 = 41$$
